

Merry & Bright

For the Merry and Bright Christmas collection I wanted to take adorable Christmas characters and animals and make them whimsical and fun with long legs, colorful socks and boots and lots of personality. The end result is sure to bring smile to your face. There are reindeer, santa's, snowmen, polar bears and much more.. Each design comes in multiple sizes and look great on anything you decide to embroider them on. For our project we stitched the designs on shirt dresses. You can any shirt dress pattern to recreate this project. We used No-Show mesh fusible as our stabilizer with the Merry and Bright designs.

Steve Wilson

Merry & Bright

This dress is made with a t-shirt and cotton fabric. We matched the cotton fabric to a color in the design. As a finishing touch we added trim to the hem of the skirt.
